DETAILED ACTION

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In regard to claims 1 and 14, the prior art does not teach or render obvious a sensor displacement assembly integrated with at least one of the substrate and the mounting device comprising at least one member configured to move at least a portion of the sensor metallization in at least one of a first direction toward an ignition coil housing, a second direction away from an ignition coil housing, and a third direction lateral to an ignition coil housing, while the substrate is mounted on an ignition coil housing using the mounting device in the combination as claimed.

Claims 2-13 and 15-21 are allowable as they depend from allowable claims 1 and 14 respectfully.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
